"A Gathering of Eagles"

Luke 17:30&37

Most of Jehovah's Witnesses are sincere and imagine themselves Bible students. They believe they are students of God's word, even though they are encouraged to spend 90% of their time studying magazines and books produced by their own group. Help them understand that does not make them students of Christ Jesus. That makes them students of the men they have chosen to follow. They have been duped to believe it is the same thing!
